

LinkedIn.com Recommendation for **Director, International Business Development - Unmanned Aircraft Systems (UAS) Group at AeroVironment, Inc.**

Tom Royston

*Principal Blue Cube Group, BlueCubeGroup Classified Technical Recruitment
TS/SSI/SITK (colleague)*

As a Technical Recruitment specialist, I was fortunate to recruit and hire Stayne into AeroVironment in May 2003. Stayne is one of very best hires I've made in my 30+ year career in the Aerospace/Defense Industry. He is well organized, knows the "Customer" community quite well, is well connected in the Military UAV/UAS world. He is trustworthy, a true gentleman, respected by his customers and peers, one of those kinds of leaders you want on your team. When you meet him in person you'll be impressed with his credentials and big "smile" and positive attitude. He is undoubtedly one of the most talented professionals I know. He has a positive "can-do" attitude, gives of his time to others and is an excellent listener. You will find that he is good listener, and has excellent presentation skills. I highly recommend him.

Tom Royston

Principal of Blue Cube Group which specializes in sourcing candidates holding TS/SSBI/SITK clearances/accesses.
